

WASTEWATER TREATMENT PLANT OPERATIONS *LEVEL III & IV*

Tuesday May 29th – Thursday May 31st

8 a.m. to 4 p.m.

Inn on Long Lake

4700 N Island Hwy - Nanaimo

\$750 per registrant

This three-day course covers the required material for taking the EOCP Level III and IV certification exam. An exam session has been set up for June 1st in Nanaimo.

Participants earn 1.8 Continuing Education Units from the EOCP.

Please see attached form for registration information.

Course topics include:

- Regulations for wastewater treatment plants
- Performance of preliminary and primary treatment
- Troubleshooting secondary treatment processes
- Types of microbes in wastewater processes
- Calculations required for determining efficient operation
- Aerobic and anaerobic digester operations
- Sludge thickening and dewatering

As a water and wastewater operator, I bring hands-on expertise and industry knowledge to the classroom. Contact me for information on EOCP-approved courses and training material tailored for your site.

I look forward to talking with you,

Scott Jameson, ASCT
