

Wastewater Collection Systems Lift Station Maintenance

October 15th

8 a.m. to 4 p.m.

Kitimat Public Works Yard

206 Enterprise Ave - Kitimat BC

\$250 per registrant

This one-day course teaches operators to set up and evaluate an O&M program for a wastewater lift station.

Participants earn 0.6 Continuing Education Units from the EOCP.

Please see attached form for registration information.

Course topics:

- Regulations for lift stations and overflows
- Types of lift stations
- Sizing wet wells and pumps
- Types of lift station pumps and auxiliary equipment
- Regular maintenance procedures
- Calculating pump flows

As a water and wastewater operator, I bring hands-on expertise and industry knowledge to the classroom. Contact me for information on EOCP-approved courses and training material tailored for your site.

I look forward to talking with you,

Scott Jameson, ASCT
