

WATER DISTRIBUTION SYSTEM OPERATIONS

LEVEL I & II

October 16th – October 18th

8 a.m. to 4 p.m.

Kitimat Public Works Yard

206 Enterprise Ave - Kitimat BC

\$750 per registrant

This three-day course covers the required material for taking the EOCP Level I and II certification exam. An exam session has been set up for Oct. 19th.

Participants earn 1.8 Continuing Education Units from the EOCP.

Please see attached form for registration information.

Course topics include:

- Regulations and standards for wastewater distribution systems
- Water quality and sampling techniques
- Distribution components and operation
- Chlorine handling and disinfection procedures
- Pump operation and maintenance
- Calculations required for distribution operators

As a water and wastewater operator, I bring hands-on expertise and industry knowledge to the classroom. Contact me for information on EOCP-approved courses and training material tailored for your site.

I look forward to talking with you,

Scott Jameson, ASCT
