Born in interior British Columbia and moving to the lower mainland in 1999, I joined the City of Surrey as a summer labourer while attending university. For the past 22 years, I have worked in the Water Operations section in progressive roles, my earlier roles as a distribution Operator and my latest and current role as Water Operations Manager and Chief Operator for the City of Surrey's water distribution system. Over the years I have worked alongside and built relationships with Operators, administrators, and key stakeholders across the industry. I bring a strong background in construction and maintenance while promoting a team approach to everything I do. I have an educational background in Business Management and Communications and currently hold a Water Distribution Level 3 certification. In my spare time I enjoy the outdoors, travelling, and spending time with my family and friends.
