

Monday, 9 September		Day 01: Registration, Pre-conference Workshop, and Tradeshow	
8:00am	12:00pm	Change Doesn't Have to be Scary, Diversity in the Water & Wastewater Industry Workshop - Alison Chan (in-person only - Location: Ambleside I)	
11:00am	5:00pm	Registration	
12:00pm	1:00pm	Lunch	
1:00pm	6:00pm	Tradeshow	
1:00pm	2:00pm	EOCP Annual General Meeting	
5:00pm	6:30pm	Chair's Reception (all in-person delegates are welcome to attend)	
Tuesday, 10 September		Day 02: Tradeshow and Technical Sessions	
7:30am	8:15am	Coffee with Heather and Virtual Tradeshow Tour	
7:30am	8:30am	Breakfast	
7:30am	4:30pm	Tradeshow	
8:30am	10:00am	Opening - Welcome - Keynote with Corey Hirsch	
Water (Location: Pinnacle)		Wastewater (Location: Shaughnessy)	
Presenter	Topic	Presenter	Topic
Brent Williamson (IPP West)	A Generational Problem (Corrosion and Protections)	Randy Colombo (Retired) & Brad Lofgren (City of Coquitlam)	Sundial Creek and the Spider Excavator
Jonathan Yeung (Spartan Controls)	Non-Intrusive Flow Measurement Best Practices	Jamie Eichenberger (IKEN Services Ltd.)	Metal Magnetic Memory (NDT for Metallic Pipe)
Beth Atkinson (Ministry of Water, Land & Resource Stewardship, Dam Safety Program)	Dam Safety Regulation and Consequence Classification	Rena Feng & Quin Harris (LING Canada)	ING Canada - Construction Lessons Learned
Dave Brewer (USC West)	Being Prepared to Maintain & Repair Your Watermains	Shawn Dubois (IDEXX)	IDEXX Tecta: Automated Bacterial Testing of Water Samples
Jamie Eichenberger (IKEN Services Ltd.)	Pressure Management for Water Loss & Asset Longevity	Tom Bingham (Spartan Controls)	Reliability for pumps in distribution and treatment plants
4:30pm	5:00pm	Tradeshow (Tear-down)	
6:00pm	10:00pm	Awards Dinner with Cliff Prang (MC) and Ten Soufjers (Band)	
Wednesday, 11 September		Day 03: Technical Sessions	
7:30am	8:15am	Coffee with Heather, ASK ME at the EOCP (Virtual Attendee Q&A)	
7:30am	8:30am	Breakfast	
8:30am	10:00am	Plenary with Andrew Whelton & Paula Belmont Coelho, Purdue University (Assessment and Decisions for Water Contamination After Disasters)	
Water (Location: Pinnacle)		Wastewater (Location: Shaughnessy)	
Presenter	Topic	Presenter	Topic
Darcy Dion (Tsawwassen First Nation)	Hydrant 101	Ben Kineshanko (District of Squamish)	Queensway Lift Station Inlet Maintenance Hole Failure: Emergency Response & Recovery
Phillip White & Chris Radzimirski (City of Vancouver)	Is Vancouver's Operating permit program worth it?	Dr. Zeina Baalbak (UBC)	Training Wastewater Operators - Chemistry and Process Simulations
Anthony Greville (TRU)	Corrosion Control Review	Phil Smith (Watanbe Engineering Ltd)	Controlling, Monitoring, and Recording Level
Sam Ghosn (Dipra)	Environmental Benefits of Ductile Iron Pipe Installations using Trenchless Technologies	Harshit Peryagh (Nexom Inc)	Safeguarding Water Integrity Through Nutrients Reduction
Marc Lariviere - Veolia	Water Treatment Case Studies: Ballasted Flocculation for a Resilient City	Brandon Pater (Pacific Flow Control)	Critical Leak Repair Without Shutdown
3:00pm	3:45pm	Break	
3:00pm	4:45pm	Root Cause Analysis - Water and Wastewater Facilities: "What Truly Caused the Problem?"	
4:00pm	4:45pm	Root Cause Analysis (continued)
